A. *SJP ULTRASONICS LIMITED | CSR APPROVED PROJECTS FOR FY 2025-26:*

*SJP ULTRASONICS LIMITED* believes that sustainable business growth must be accompanied by social responsibility and community welfare. In line with the Company's Corporate Social Responsibility (CSR) Policy and the provisions of Section 135 of the Companies Act, 2013, the Company proposes to undertake various socially beneficial projects during the Financial Year 2025-26 focusing on animal welfare, environmental sustainability, healthcare, and humanitarian support.

India has a long-standing cultural and ecological connection with cow protection and animal welfare. A significant number of abandoned and destitute animals require proper shelter, food, medical care, and protection. Supporting such initiatives contributes towards compassion, sustainability, and preservation of ecological balance.

Further, rivers play a vital role in human civilization, environmental sustainability, agriculture, and public health. Increasing environmental concerns, pollution, and depletion of water resources necessitate active participation in river conservation, cleanliness drives, awareness programs, and sustainable environmental initiatives for the benefit of present and future generations.

The Company also recognizes the importance of healthcare, nutrition, and humanitarian assistance for economically weaker and underprivileged sections of society. Access to food, healthcare support, and basic hospitality services remains a critical need for poor and needy persons. Through these initiatives, the Company aims to support welfare measures that improve quality of life and contribute positively towards society.

These CSR initiatives reflect the Company's commitment towards inclusive growth, social development, environmental responsibility, and community welfare.

The Company's CSR policy and initiatives outline the vision, mission, thrust areas and key requirements as per Schedule VII read with Section 135 of the Companies Act, 2013. These initiatives are implemented by the Company either directly or through Reliance Foundation, Reliance Foundation Youth Sports, Reliance Foundation Institution of Education and Research and other registered implementing agencies.
